599/989

# Subject Bibliography

*U.S. Government Printing Office Superintendent of Documents*

SB-599
NOVEMBER 1, 1989

# INDEX

More than 15,000 different books, pamphlets, posters, periodicals, subscription services and other Government publications are available for purchase from the Superintendent of Documents. Topics range from "Accidents" to "Zoning" and touch on nearly every facet of human life.

Because an average of 3,000 new titles enter the active sales inventory each year, and many titles are superseded by revised editions or go out of print, it is impractical to issue a single catalog that lists all of the titles available. Instead, separate catalogs have been prepared for certain subject categories. These catalogs are called "Subject Bibliographies" (SB's). There are more than 220 of them, and they are available without charge. This Subject Bibliography Index has been prepared to assist in identifying the particular SB that contains publications related to the listed subject.

Most SB's contain one or more of the Government periodicals and subscription services sold by the Superintendent of Documents. A complete listing of all periodicals and subscription services may be found in a catalog called "Price List 36," which is also available without charge.

To order SB's, complete the order blank on the reverse, detach, and return to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.
